Five Star Freight Systems World Agency Network (FSFSWAN) Criteria Overview

Sole Agency Network Accreditation

- The FSFSWAN primarily operates a sole agency network policy for its members under the Five Star and PFI Networks
- For the GSFN, an open network model applies. Sole agency rights do not extend to GSFN except under exceptional and previously agreed circumstances.

Membership Internal Flexibility

- FSFSWAN members may apply to join one of the network’s internal sister networks. For instance, a PFI agent can seek membership in GSFN or Five Star.

Sole Agency Rights

- Upon successful application, FSFSWAN grants sole agency over the applicant’s home territory, provided it is available.
- Members may also book and pay for any available adjoining territory.(if available)

Compliance Requirements

- Adherence to network rules and regulations is mandatory. Key obligations include:
 - Regular attendance of our annual network meeting.
 - Reciprocal business cooperation with network partners.

- Non-compliance can result in the loss of sole agency rights. In such cases, a second (dual) agent will be introduced for that country.

Member Qualifications

- Applicants must demonstrate capability across all standard forwarding modes (air, sea, road), both inbound and outbound of their country.
- Carry Professional Insurance coverage.
 - Demonstrate a minimum of four years in business operations.
 - Have no listing(s) as a delinquent debtor on any recognized industry blacklist websites.

Additional Information

- Current available territories are shown below, if your home country is listed, please feel free to apply now.
- Any applicant we cannot offer an immediate placement for will be placed on a wait list within our reserve agents bank for future vacancies.
- Annual membership fees and further information are provided upon application; contact us directly for details.
